MEMORANDUM FOR: Chairman, Information Handling Task Force

FROM:

[REDACTED]  
Executive Secretary

STATINTL

SUBJECT: Proposed Briefing of the Security Committee  
and its Computer Security Subcommittee

1. I recently saw a copy of the suggested information handling goals for the Agency, apparently used in part during your briefing of the Executive Committee, and noted that you spoke of an awareness of security needs and Community compatibility of Agency systems.

2. This is a major theme of the Security Committee and particularly its Computer Security Subcommittee chaired by [REDACTED] of NSA with representation mirroring the NFIB.

3. I think that there would be considerable interest in findings and goals of your Information Handling Task Force and request favorable consideration of an invitation to brief the Security Committee and the Computer Security Subcommittee at one of their monthly meetings early on. If you agree we can work out the details.
